

Cleanup Construction Activities

Construction is typically within standard working hours, 7 a.m. to 7 p.m., Monday through Friday. Movement of barges may occur outside of these work hours.

On Tuesday, December 17, the Contractor is expected to move equipment starting at 5 a.m. to Sediment Management Area (SMA) 2 and start work by 6 a.m. Early work will continue at SMA 2 for the next couple of days. For questions or concerns, you can always reach our team at info@ldwg.org or 1-888-561-LDWG (1-888-561-5394).

What to expect during the week of December 16

During the week of December 16, cleanup construction will continue in SMAs 3, 4, 6, and 9, and construction will begin in SMA 2 and 7 as shown on the map linked below.

Crews will continue installing sheet piles near SMA 9 which may cause higher noise levels during the daytime. Work in SMA 9 will continue for a couple of weeks. We thank community members in advance for your patience during this time.

What to expect during the week of December 23

During the week of December 23, cleanup construction will

Remember, the only Duwamish River seafood that is safe to eat is salmon. In the Duwamish River, the seafood that spend their entire lives in the river (perch, sole, flounder, crab, mussels, and clams) are unsafe to eat. They have high levels of toxic chemicals (such as PCBs) that you cannot see. Learn how to

continue in SMA 9 and 7.
Construction will not occur on
Wednesday, December 25
due to the holiday.
